“Our Savings in this world is not what we have today, but what we give to others” – Sam Vonumu
MESSAGE FROM THE FOUNDERS

Dear Friends & Sponsors,

We are thankful to God for all his blessings on our operations in 7 countries. We have now completed 17 years of service to humanity. Our work continues to grow each year. 4,000 children are able to get an education in Schools today because of our commitment, dedication and our willingness to go that extra mile to make a difference. Last couple of years are quite challenging with our finances but that could not stop our ongoing support to these wonderful children. Our sincere thanks to our sponsors who are standing strong with us each year to continue this noble cause. Our sponsors and our volunteers are our 2 pillars of strength for Uplift a Child family.

We had a 97.65% success rate of our children passing and graduating from their SSC (10th Grade in India)

We support children from LKG (Lower Kinder Garten) to Grade 10th, 12 years of educational support.

After supporting them for that long, to see 97% of them completing and moving forward to the next level is certainly a great achievement for all of us. This gives our sponsors and volunteers a great satisfaction that we did it.

We have been to Africa for the first time in life to the Democratic Republic of Congo to meet our children and their families. It was a heart touching trip and have taught me personally to appreciate “what we have” comparing to “what we don’t have”. Our 100 children in Bunyakiri village do not have electricity from the creation of the earth till now. They are still able to take our help and happily going to School with a new hope of changing their life style one day and catching up to the rest of the world. They are wonderful people with a lot of hope and Uplift a Child, with the help of all of you are happy to continue the hope to the world.

We got the chance to take 100 of our children from South India to “Taj Mahal” a dream of every Indian citizen. Especially, the school children. Many schools offer educational tour which is quite expensive, and our children could not go. Because of that reason, we did a fundraising for the Taj Mahal trip and have taken our children from Tuni, E.G. Dist of Andhra Pradesh area. It was a fun trip and our children will remember this forever. I personally could not go on this trip 35 years ago while I was a school student because of poverty.

We left NO child behind again for education in our network in 2017. Our sincere thanks to all our sponsors, Board of Directors, Staff, Schools, Volunteers and friends for the tremendous support in our operations! We would have not been successful without their helping hands.

We would like to invite anyone to join our Uplift a Child family. We can guarantee 100% that you will be happy with your decision. Please come and let us make a difference together.

Thank you,

Sam & Rena Vonumu

OUR STARS

Our Stars are none other than our very own Sponsors and Donors who have been a part of our cause for more than a decade. They are our backbone of our operations. It is because of their commitment, we are successful. 90% of them are individual families who have been donating part of their income to support our children for education. Most of them are normal people who are living a very ordinary life styles and 80% of all our sponsors are from USA and the remaining 20% of them are from India, Ukraine, Germany, Switzerland, Sweden, United Kingdom, UAE, Oman, Saudi Arabia, Singapore, Nepal, Australia and Peru. We are thankful to all of our 800 sponsors from 13 countries. Without them, we will not be able to do anything. Thank you for making a difference with your hard work and contributions.

We are touched about some of our sponsor’s dedication towards the cause. Many of them have set up monthly payment plans by transferring a fixed amount so that they can easily support more children. Some of them also volunteer their time by doing special programs like fund raising activities, dance programs, walkathons and giving us stage time during major events to promote our cause.
